### STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

This Communication is responsive to a telephonic interview with the Examiner on May 7, 2008 and the Official Communication of 5/13/08 regarding the above-identified patent application.

Within the Official Communication, the Examiner requested that the "THE FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW", or if the response has already been filed, a "STATEMENT OF THE SUBSTANCE OF THE INTERVIEW".

A response to the last Office Action was filed on April 25, 2008. As such please consider the "STATEMENT OF THE SUBSTANCE OF THE INTERVIEW" below.

**STATEMENT OF THE SUBSTANCE OF THE INTERVIEW**

A telephonic interview was conducted between Michael Glenn and Joseph Weatherbee, representing the Applicant and Examiner Lerner on May 8, 2008. The Applicant graciously thanks Examiner Lerner for the opportunity to discuss the patentability of the pending claims.

During that interview, Examiner Lerner stated that he believed that Independent Claims 31, 38, 50 and 59 presented patentably distinct subject matter. Counsel for the Applicant orally elected claims 31-37, without traverse. Herein the Applicant officially elects claims 31-37, without traverse.

Also during the interview, counsel for the Applicant presented Examiner Lerner with examples of distinctions between the Applicant's present invention and the prior art of record. Examiner Lerner indicated that he will consider the arguments when the application is forwarded to him for action.

**CONCLUSION**

The Applicants respectfully request examination and reconsideration in view of the remarks above. Should the Examiner deem it helpful he is encouraged to contact Applicant's attorney, at (650) 474-8400.

Respectfully Submitted,

Elizabeth Ruzich
